

second hand machine year of construction 2004 (no. 04286)

equipped with the following additional devices

- parts movement
- vertical oscillation
- immersion hot
- immersion cold
- filtration unit
- ultrasonic device with 2kW / 25 kHz
- spraying manual

Technical Data

Cleaning medium:	Perchlorethylen (PER) Trichlorethylen (TRI)
Solvent content:	600 dm ³
Heating energy:	34 kW
Electrical connected load:	50 kW
Compressed air:	6 bar
Weight of the installation (net):	2000 kg
Throughput:	2 - 3 charges/h 200 kg/h
Dimension of the basket:	900 / 300 / 300 mm
External dimension:	2700 / 1500 / 1600 mm
Operating mode:	2-shifts

GIGANT TOPLADER
